Re: Notice concerning the Public Service Company of Colorado Fuel Reimbursement filing

Dear Shipper:

As a Public Service Company of Colorado (PSCo) gas transportation shipper, we are sending you this notice to keep you informed of regulatory changes affecting the gas transportation services we provide.

Included with this notice is the formal notice concerning our annual Gas Transportation Fuel Reimbursement filing made with the Colorado Public Utilities Commission ("CPUC"). The filing updates the percentage of gas transportation quantities we retain for Fuel, Lost and Unaccounted-For gas, which will decrease from 1.75% to 1.69% effective January 1, 2023. As required by the CPUC, this formal notification is being e-mailed to gas transportation shippers no later than 20 days prior to the implementation date.

A copy of the Colorado Public Utilities Commission filed Advice Letter No. 998 - Gas can be found through the Commission's E-Filing system by searching Proceeding No. 22AL-0387G.

Please don't hesitate to contact your Gas Transportation representative if you have any questions or concerns pertaining to this filing.

Sincerely,

**NOTICE OF CHANGE IN THE FIRM GAS TRANSPORTATION
AND INTERRUPTIBLE GAS TRANSPORTATION TARIFFS
OF PUBLIC SERVICE COMPANY OF COLORADO
1800 LARIMER STREET, DENVER, COLORADO 80202**

You are hereby notified that Public Service Company of Colorado (“Public Service” or the “Company”) has filed with the Colorado Public Utilities Commission (“Commission”) changes in its Colorado P.U.C. No. 6 – Gas Tariff to revise the Firm Gas Transportation Service – Small (Schedule TFS), Firm Gas Transportation Service – Large (Schedule TFL) and Interruptible Gas Transportation Service (Schedule TI) rate schedules to be effective January 1, 2023, unless suspended by the Commission. The Company makes this tariff filing pursuant to the tariff provisions contained on Sheet Nos. 29C, 30C and 31B of Company’s Colorado P.U.C. No. 6 – Gas Tariff and in accordance with the Stipulation and Agreement in Resolution of Proceeding, Section II.H, approved by the Commission in Decision No. C06-0086, mailed February 3, 2006, in Proceeding No. 05S-264G.

These proposed tariff changes apply only to shippers and customers taking service under the Company’s Firm and Interruptible Gas Transportation Services, Schedules TFS, TFL and TI. The proposed revisions are to update the Fuel Reimbursement Percentage from 1.75 percent to 1.69 percent for these three rate schedules, to be effective on January 1, 2023. The Company anticipates no effect on the Company’s annual revenues because the change in the Fuel Reimbursement Percentage affects only the quantity of gas required to be delivered by gas transportation shippers to the Company’s natural gas pipeline system.

Due to the pandemic, copies of the current and proposed gas tariffs summarized above and as filed with the Commission, are available for examination and explanation at the main office of Public Service, 1800 Larimer Street, Suite 1100, Denver, Colorado 80202-5533, but not available at the Commission office, 1560 Broadway, Suite 250, Denver, Colorado 80202-5143. A copy of this Notice is available on the Company’s website at https://www.xcelenergy.com/company/rates_and_regulations/filings. Customers who have questions may call the Commission at 303-894-2000, call Xcel Energy at 1-800-895-4999, or fax to Xcel Energy at 1-800-895-2895.

Anyone who desires may file written comments or objections to the proposed action. Written comments or objections shall be filed with the Commission, 1560 Broadway, Suite 250, Denver, Colorado, 80202-5143 or filed at: www.dora.state.co.us/pacific/PUC/puccomments.

The Commission will consider all written comments and objections submitted prior to the evidentiary hearing on the advice letter if one is to occur. The filing of written comments or objections by itself will not allow you to participate as a party in any proceeding on the proposed action. If you wish to participate as a party in this matter, you must file written intervention documents in accordance with Rule 1401 of the Commission’s Rules of Practice and Procedure or any applicable Commission order.

The Commission may hold a hearing to determine what rates, rules and regulations will be authorized. If a hearing is held, the Commission may suspend the proposed rates, rules or regulations. The rates, rules and regulations ultimately authorized by the Commission may or may not be the same as those proposed, and may include rates that are higher or lower.

The Commission may hold a public hearing in addition to an evidentiary hearing on the advice letter. If such a public hearing is held, members of the public may attend and make statements even if they did not file comments, objections or interventions. If the advice letter is uncontested or unopposed, the Commission may determine the matter without hearing and without further notice. Anyone desiring information regarding if and when a hearing may be held shall submit a written request to the Commission or, alternatively, shall contact the Consumer Affairs section of the Commission at 303-894-2070 or 1-800-456-0858. Notices of proposed hearings will be available on the Commission website under “News Releases” or through the Commission’s e-filing system.
