

Gas Transactional System Training RSVP

In February, we announced that change is coming to Xcel Energy's natural gas transportation service, with the deployment of a new Gas Transactional System (GTS) in mid-2019. Key enhancements include:

- Customizable dashboards for quick access of key information
- Mobile friendly to enable access from all of your devices
- Enhanced reporting capabilities to support day-to-day operations

Based on your feedback and current project status we have adjusted the original initial training schedule. The following options will be available.

In-Person Training

Tuesday, June 11
8:30 AM – 12:00 PM MST
Denver, CO

Webinar

Thursday, June 13 (NSPM/NSPW)
12:00 PM – 2:00 PM CST

Wednesday, June 19
(NSPM/NSPW)
12:00 PM – 2:00 PM CST

Thursday, June 20 (PSCO)
12:00 PM – 2:00 PM MST

Self-Paced

Training material for review at your leisure will be posted to Electronic Bulletin Board (EBB) on approximately June 15.

Please let us know which training session(s) you plan to attend to learn more about the new system to support our natural gas transportation services. Your RSVP will give us time to grant access to our worry free testing environment.
